# CRS in Uttarakhand

- Exercising the power given under the Section 30 of RBD Act, 1969, after the creation of this state in year 2000, the State Government issued the notification regarding Birth and Death Registration Rules on 28<sup>th</sup> April, 2003, which is known as [Model Registration of Birth and Death Rules Uttarakhand, 2003](#).
- Some amendments has also been done in subsequent years.

# Systems running in the state for online registration of Birth and Death

- Presently in the state online registrations are being done on two portals i.e on CRS portal or on a state portal viz. e district. In some places registrations are being also done manually. But as the registrations through e districts do not reflect on CRS portal, hence it sometimes misleads to the conclusion that manual registrations are very high in the State while actually the percentage is quite low. This e distt portal is operated through CSCs (Common Service Centres) and e-district centers. There are around 6200 CSCs and 124 e-district centers in the state, covering the entire state. But as there are some gaps in the fields of these two portals, therefore, integration of these two portals i.e. State e-distt and CRS portal is must in the state to maintain uniformity.

# Efforts for integration of CRS portal and e distt.

- In order to achieve the task of integration of CRS portal and e distt. this office had conducted a meeting with State IT and NIC officials and Officers from Office of Registrar General, India. And now we are in process of integration.
