

Do's & Don't

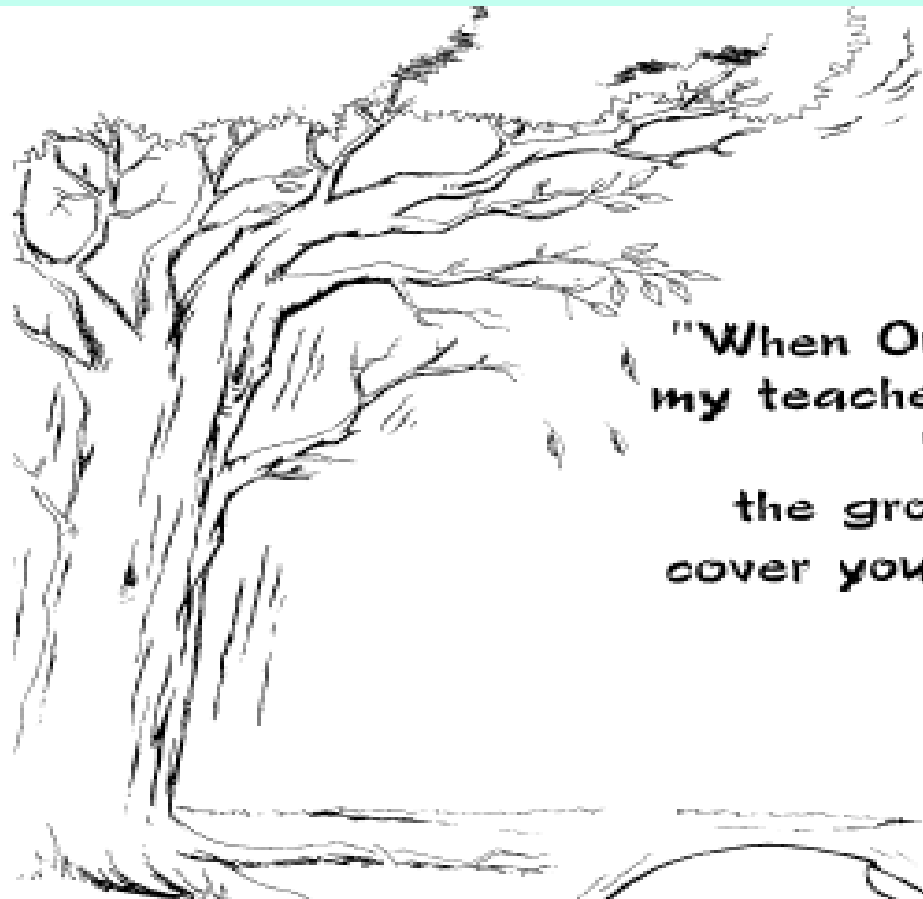

Dr. Manju Pandey
Assistant Professor
DMC, DRRSTUAoA

What do I do
When the ground shakes!?

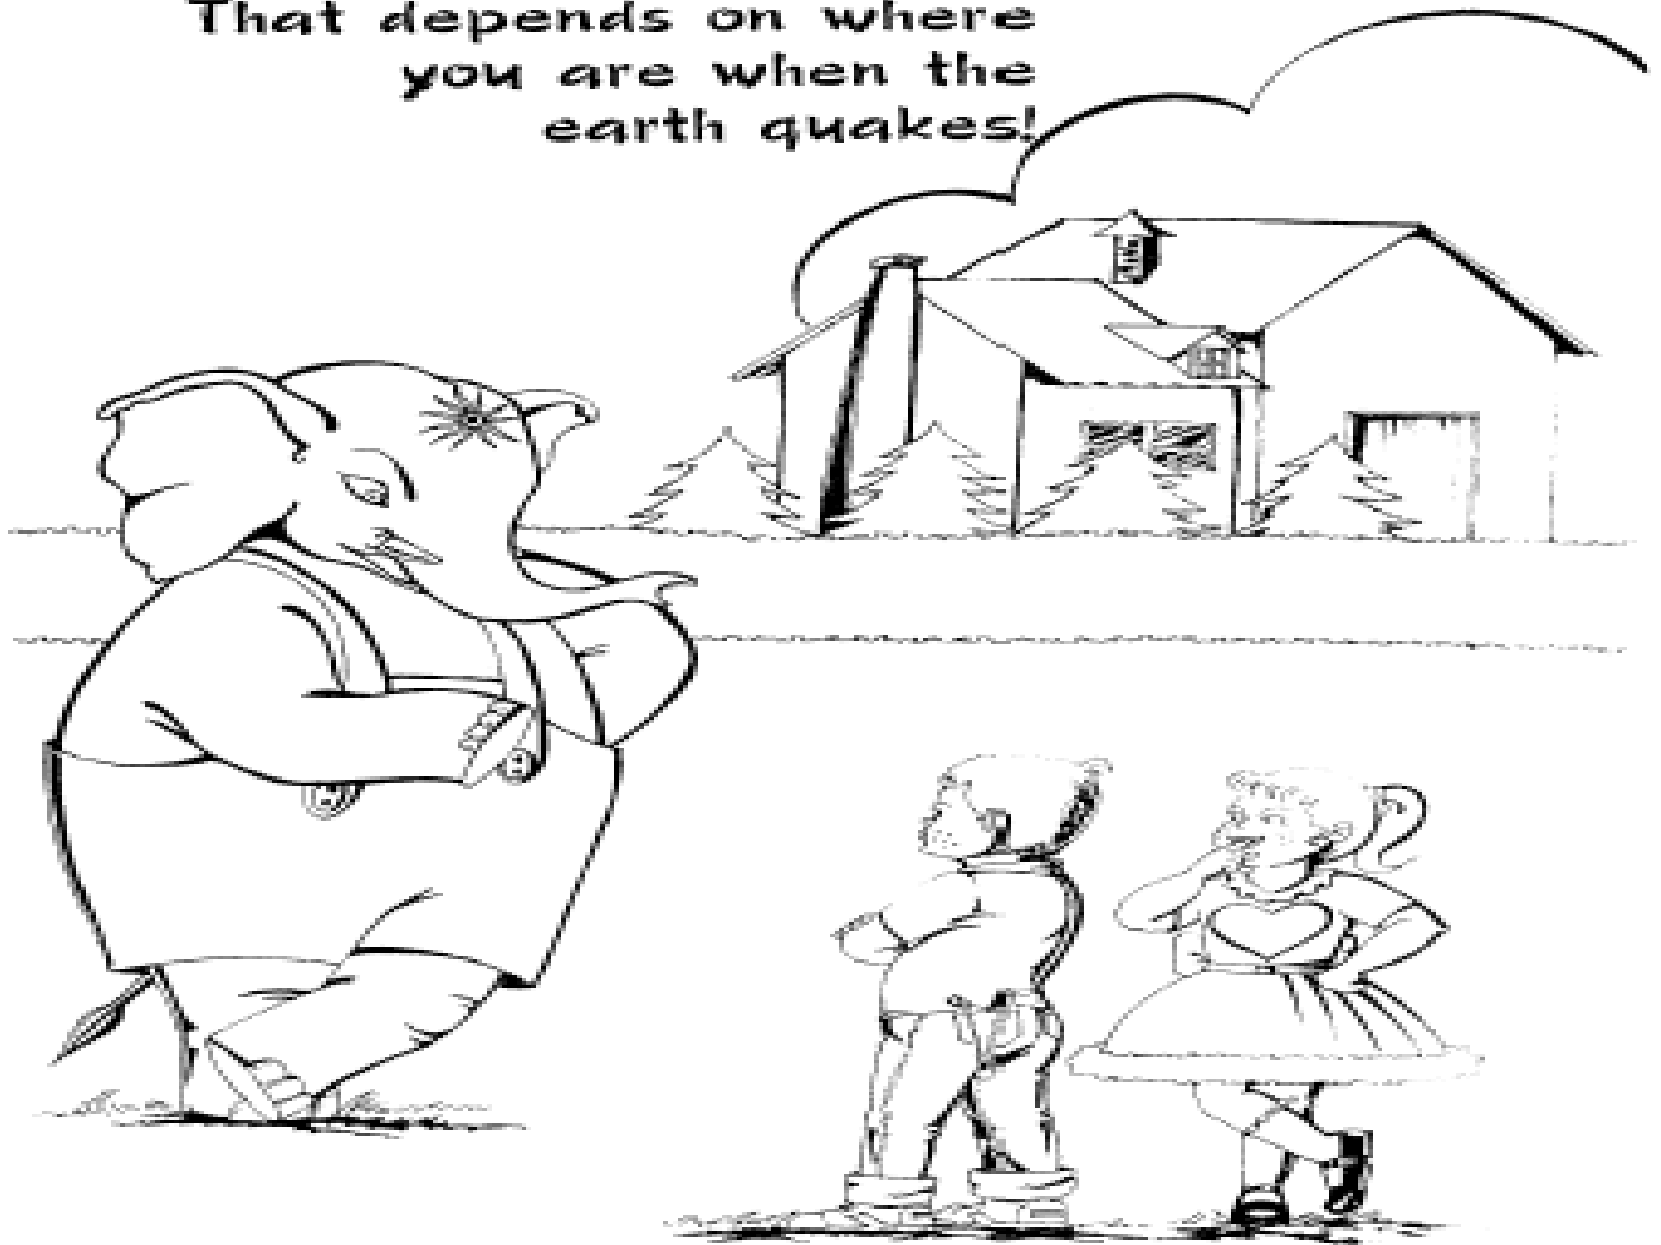

When at my desk I've been told to quickly "drop, cover and hold."

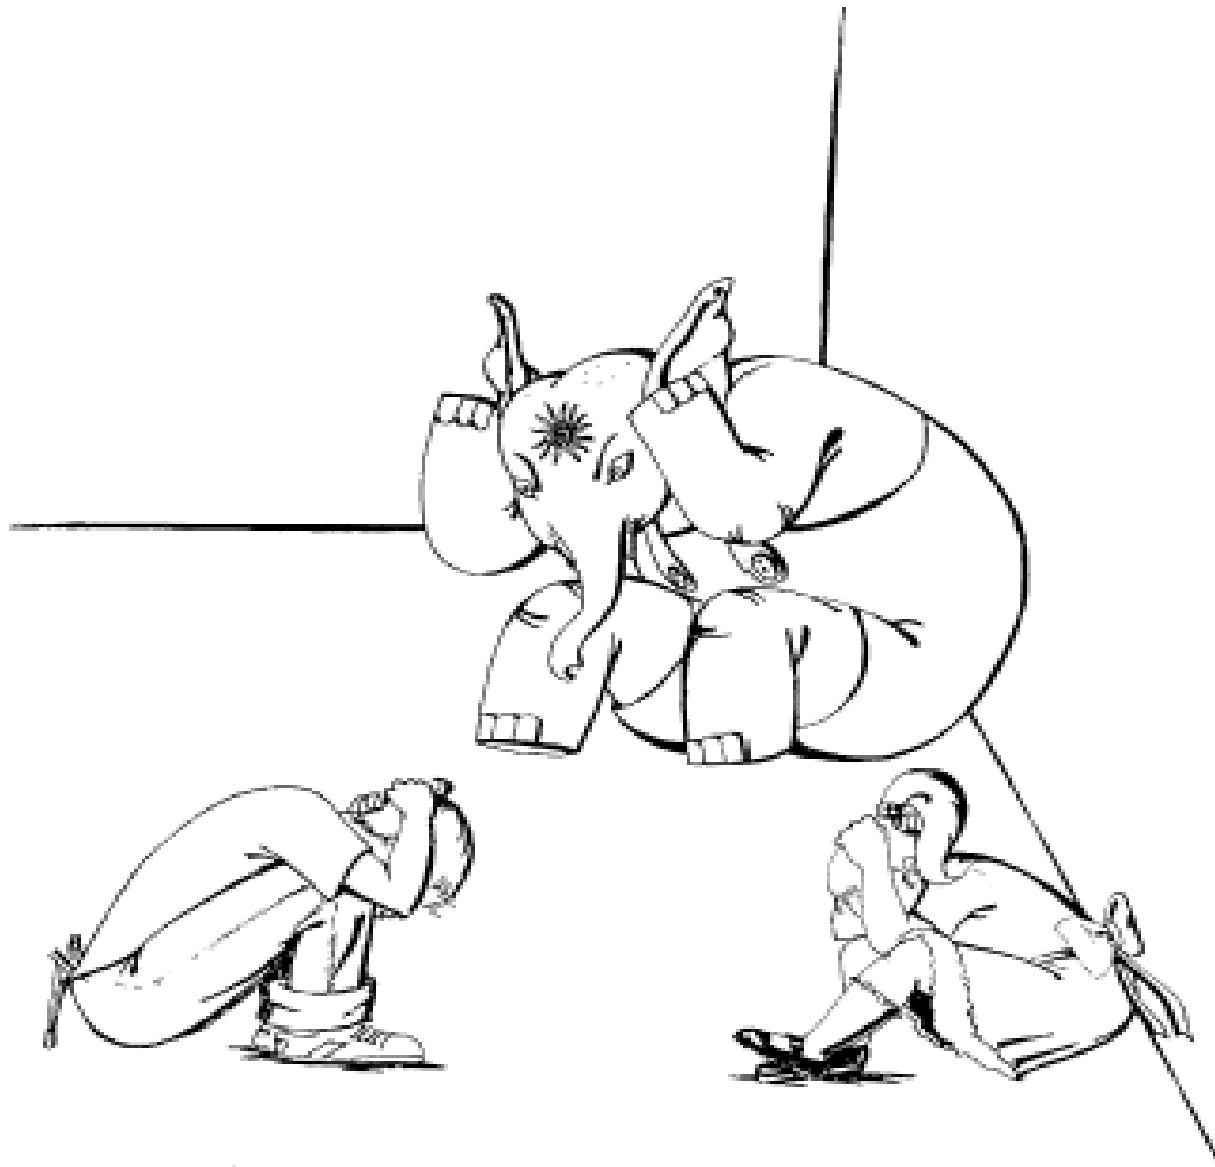

"When Outside,"
my teacher said
"Drop to
the ground and
cover you head."

That depends on where
you are when the
earth quakes!

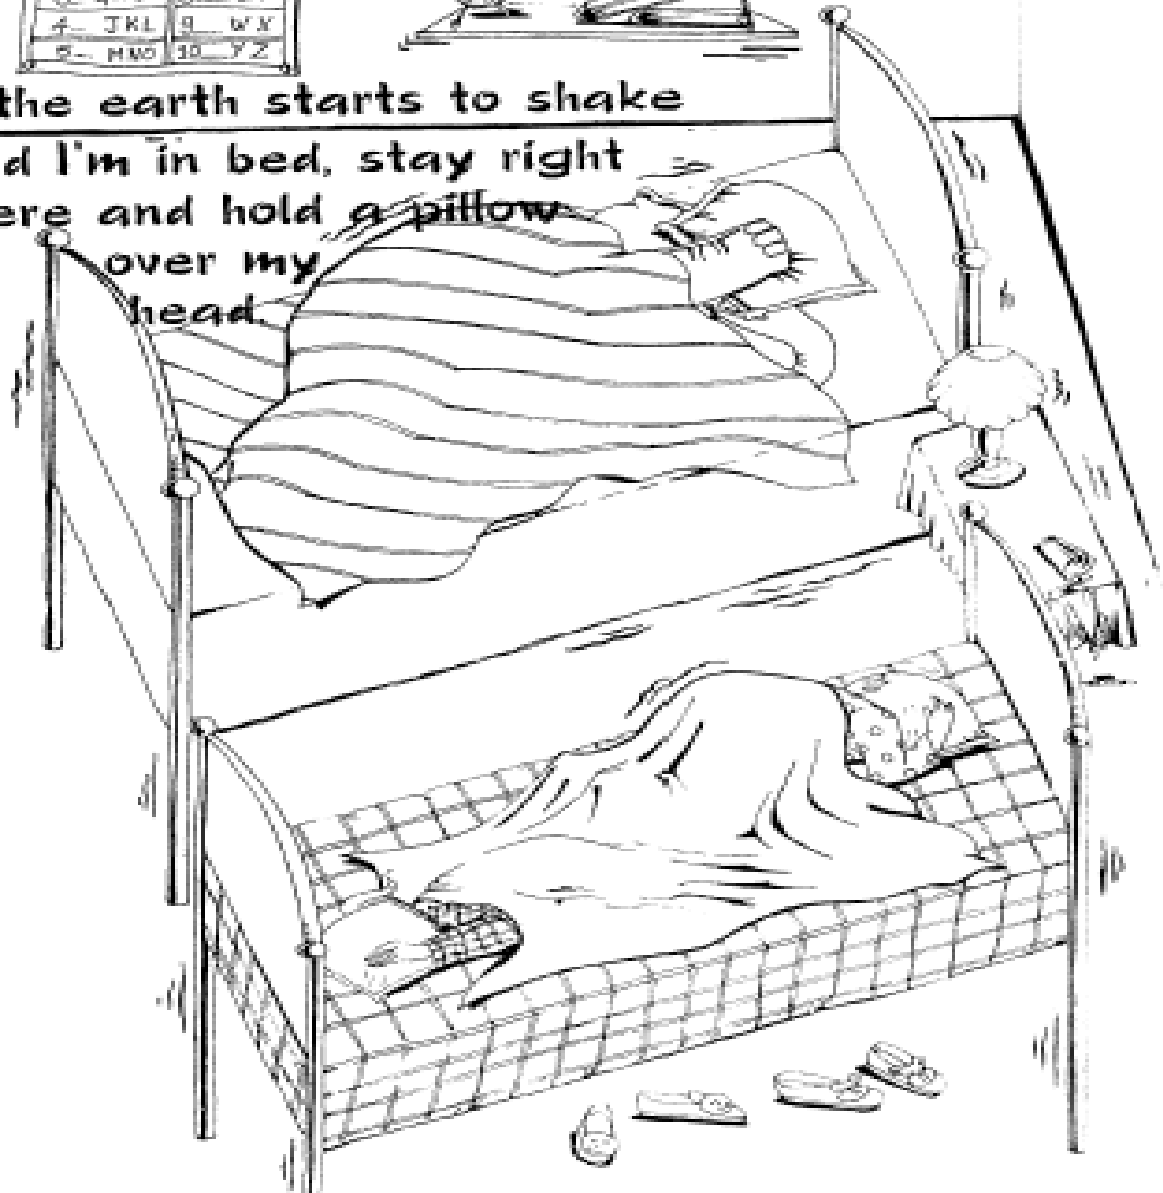

If in the hall, sit against the wall and curl up like a ball.

1. ABC	6. PQR
2. DEF	7. ST
3. GHI	8. UV
4. JKL	9. WX
5. MNO	10. YZ

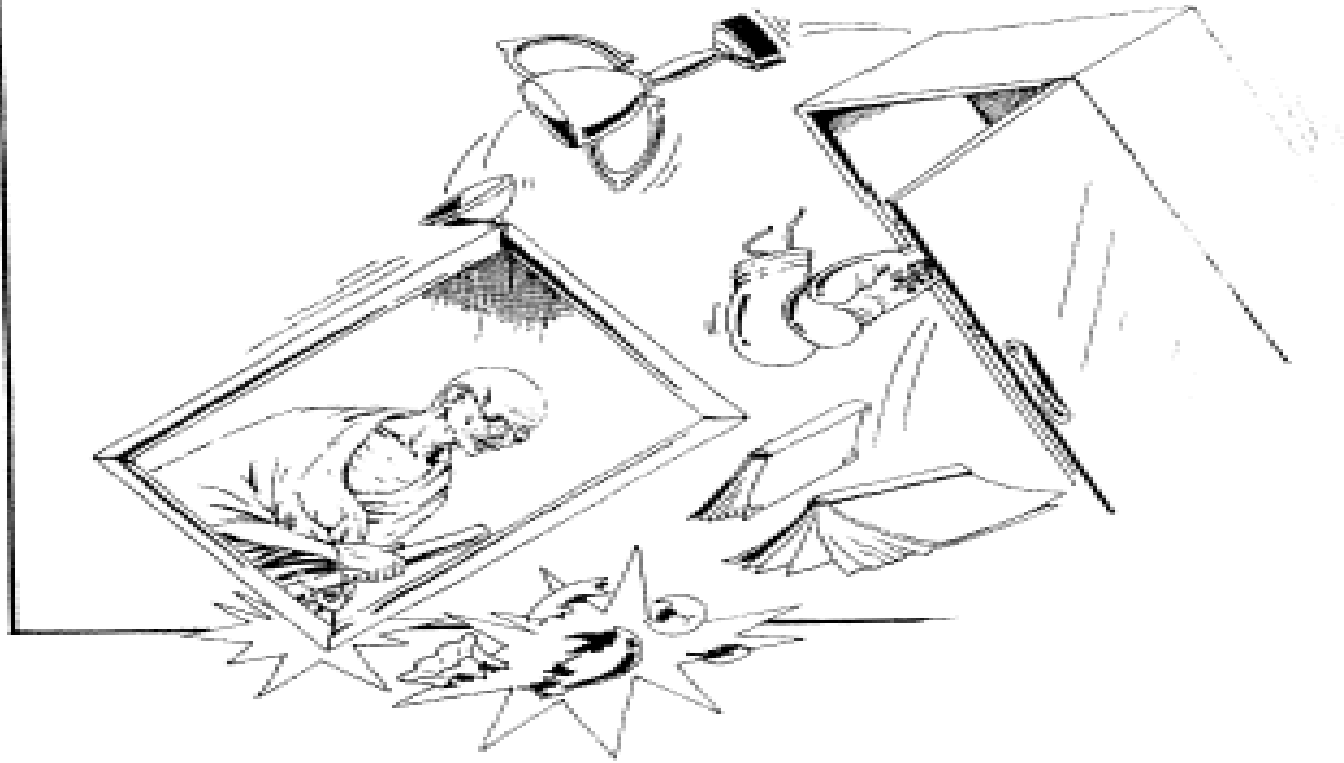

If the earth starts to shake
and I'm in bed, stay right
there and hold a pillow
over my
head.

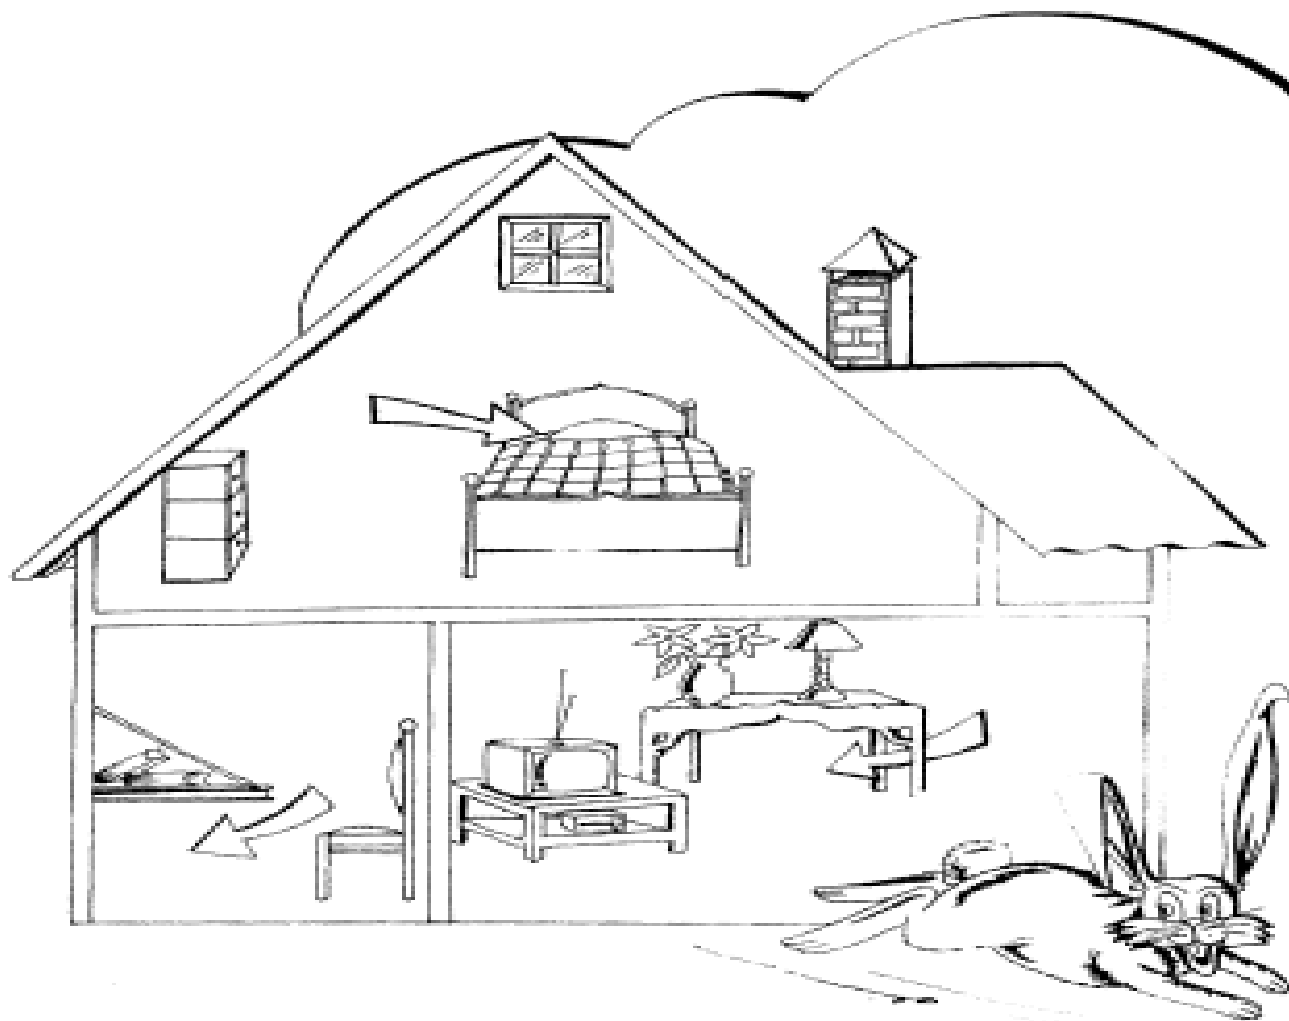

If you are riding stop, stay right
Where you are.

Wherever you are when the
earth starts to shake,

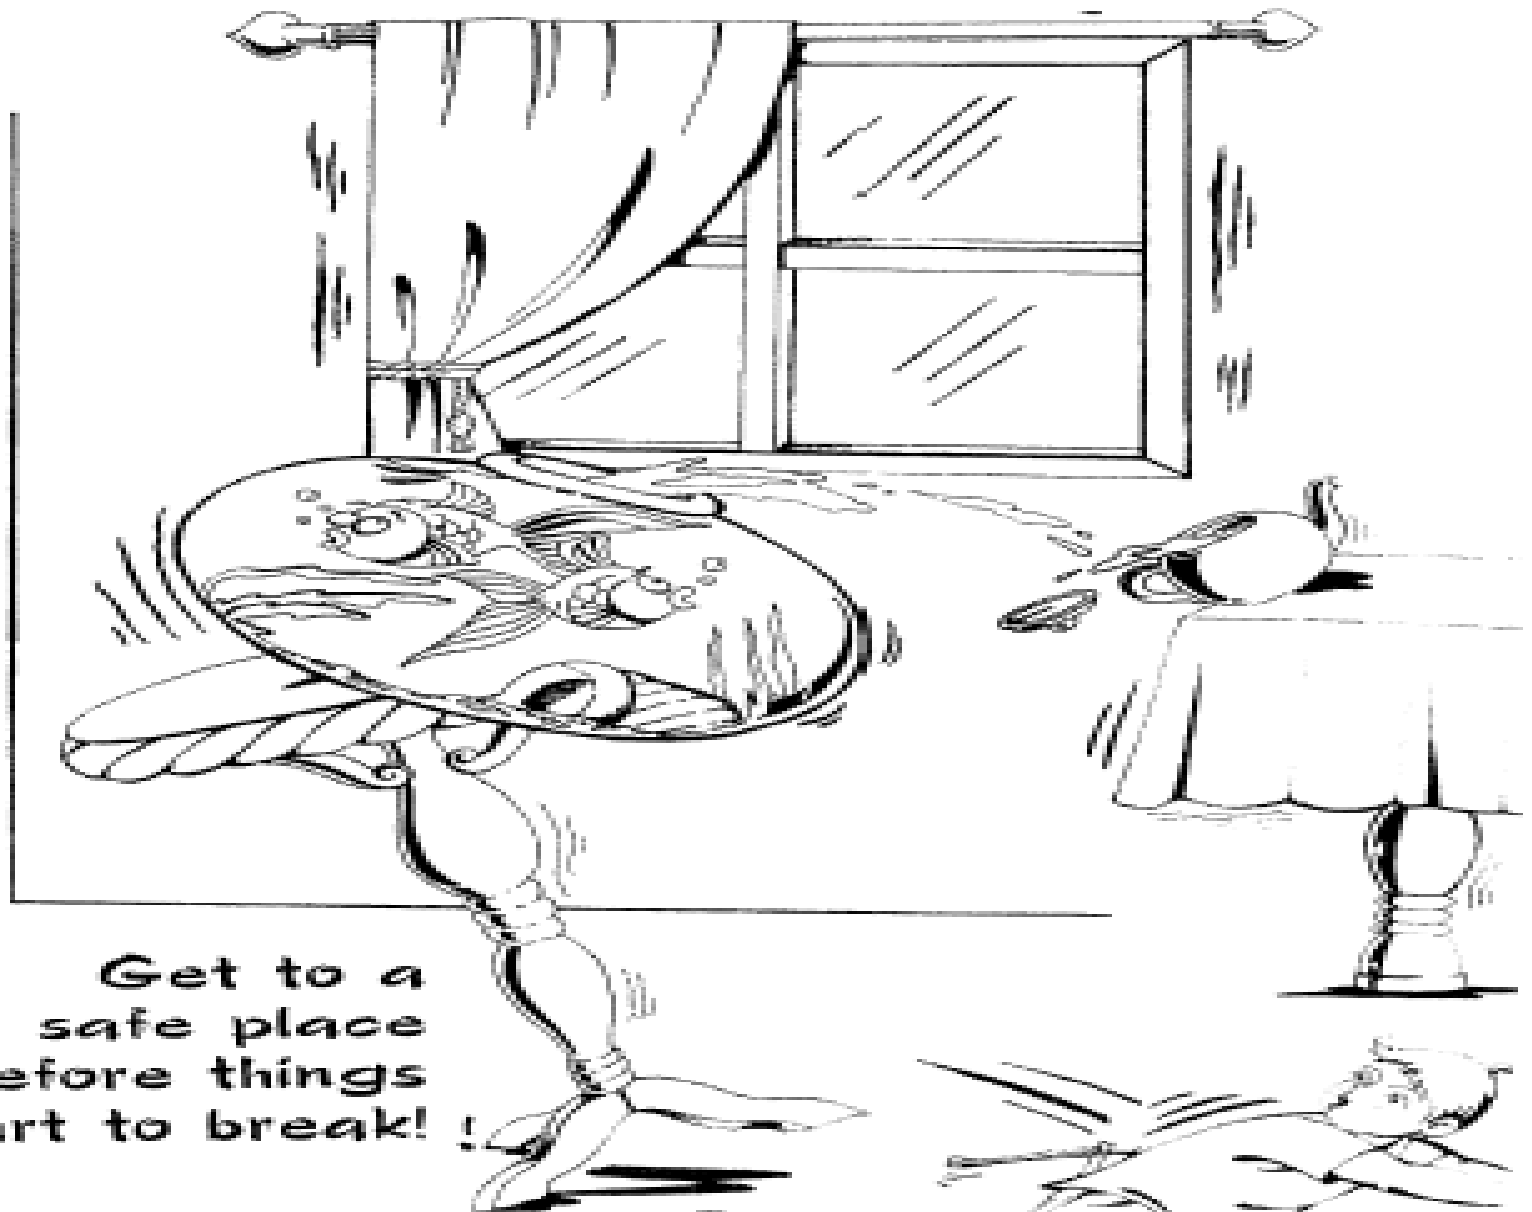

Your biggest dangers are things
that fall or break.

**Find a safe place
in each room in your house.
Practice being "quakesafe"
as quick as a rabbit.**

**When the earth starts to shake
there s no time to waste!**

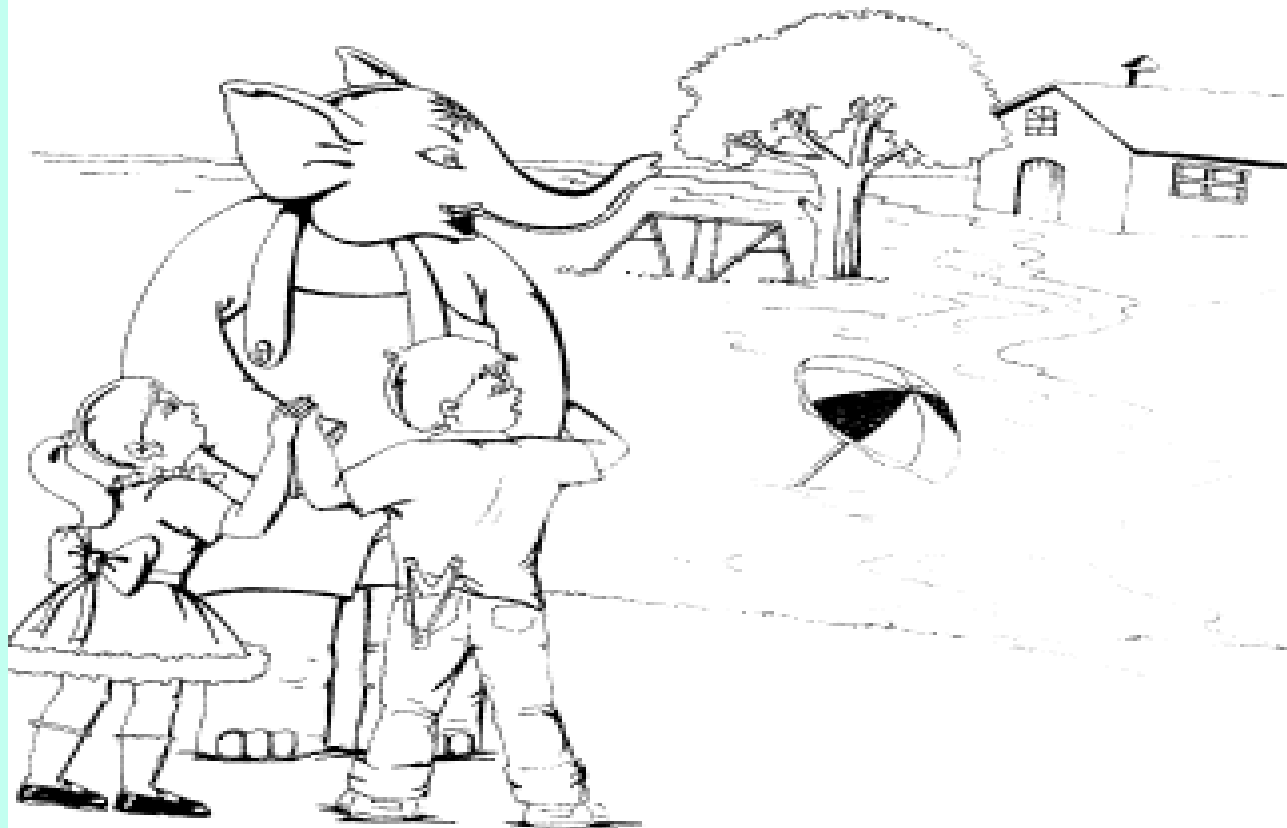

**Get to a
safe place
before things
start to break! !**

We can keep supplies that will help us if a disaster happens. Put together a disaster supplies kit today!

If you see flood waters,
move away from them. Go to
a higher place. Never play
near or try to swim in
flood waters.

In case of a
fire what to do!?

"If your clothes catch on fire,
never run; follow these steps"

If you see
Smoke and Fire...
... get down low and
go, go, go !!!

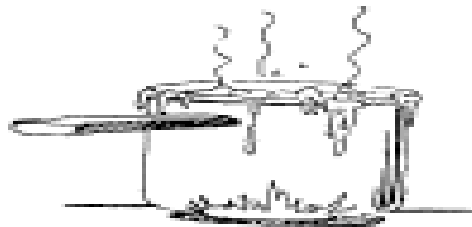

Smoke will hurt your eyes!
Smoke can burn your lungs!
Smoke is not good!
Get low and stay out of smoke!

There is a rule your family should know :
Crawl under smoke
Crawl low and go!

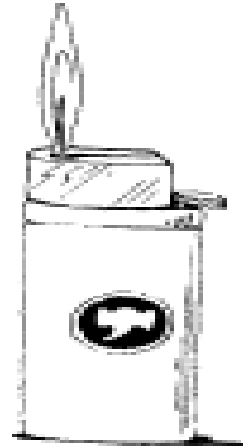

**Fire is NOT a Toy !
NEVER Play with Fire !**

**Circle things that
are toys**

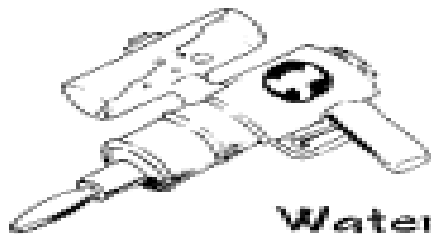

**A pot on the
stove**

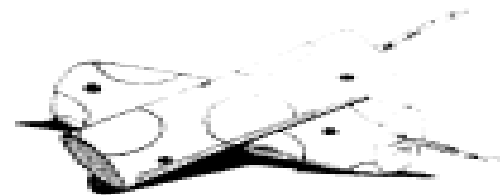

Lighter

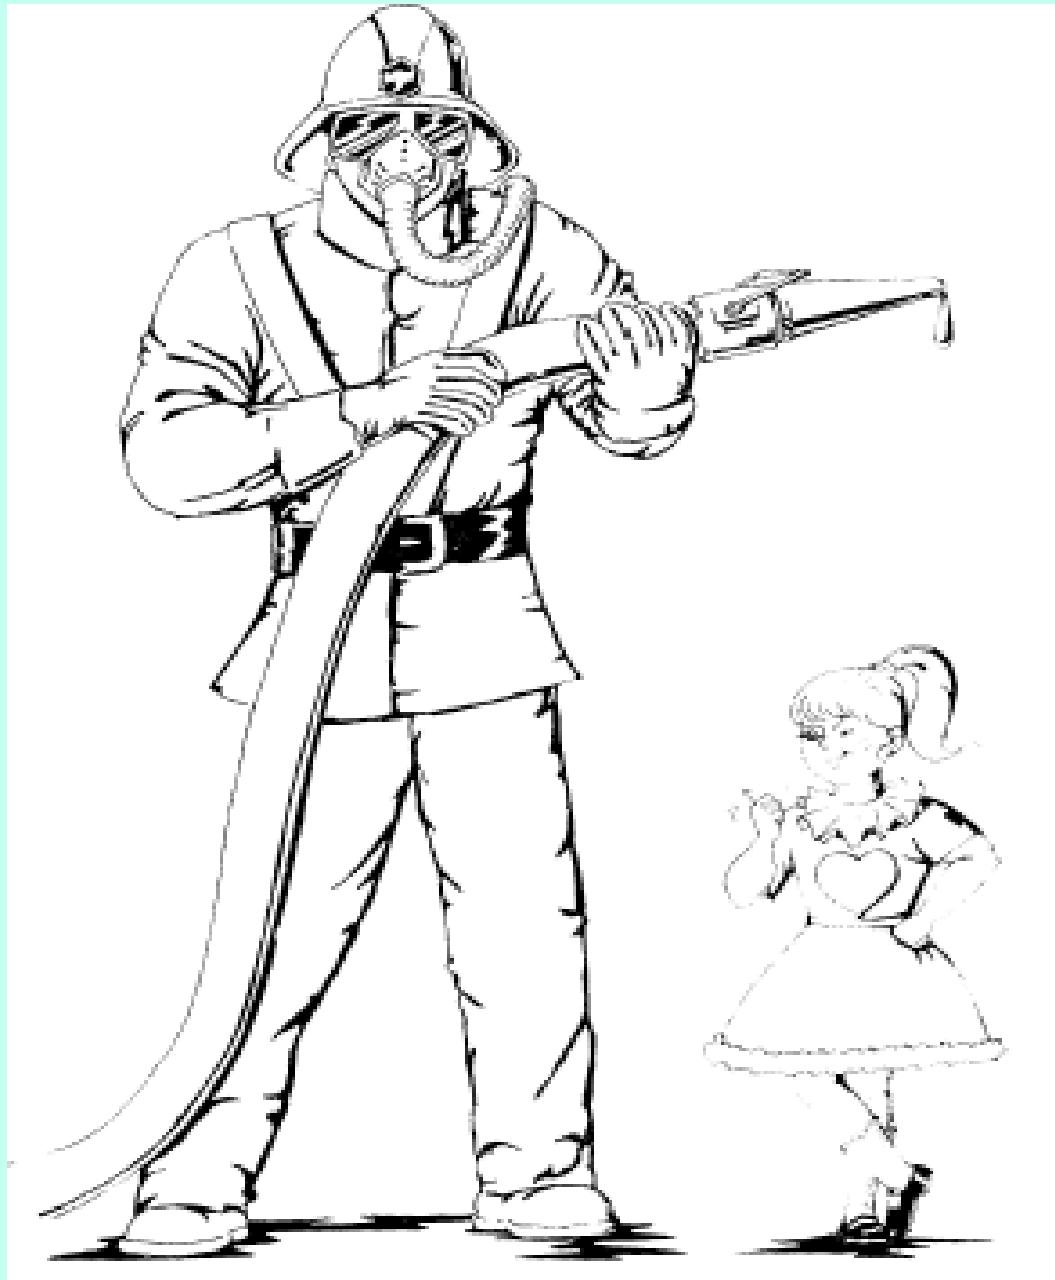

**Cricket
Ball**

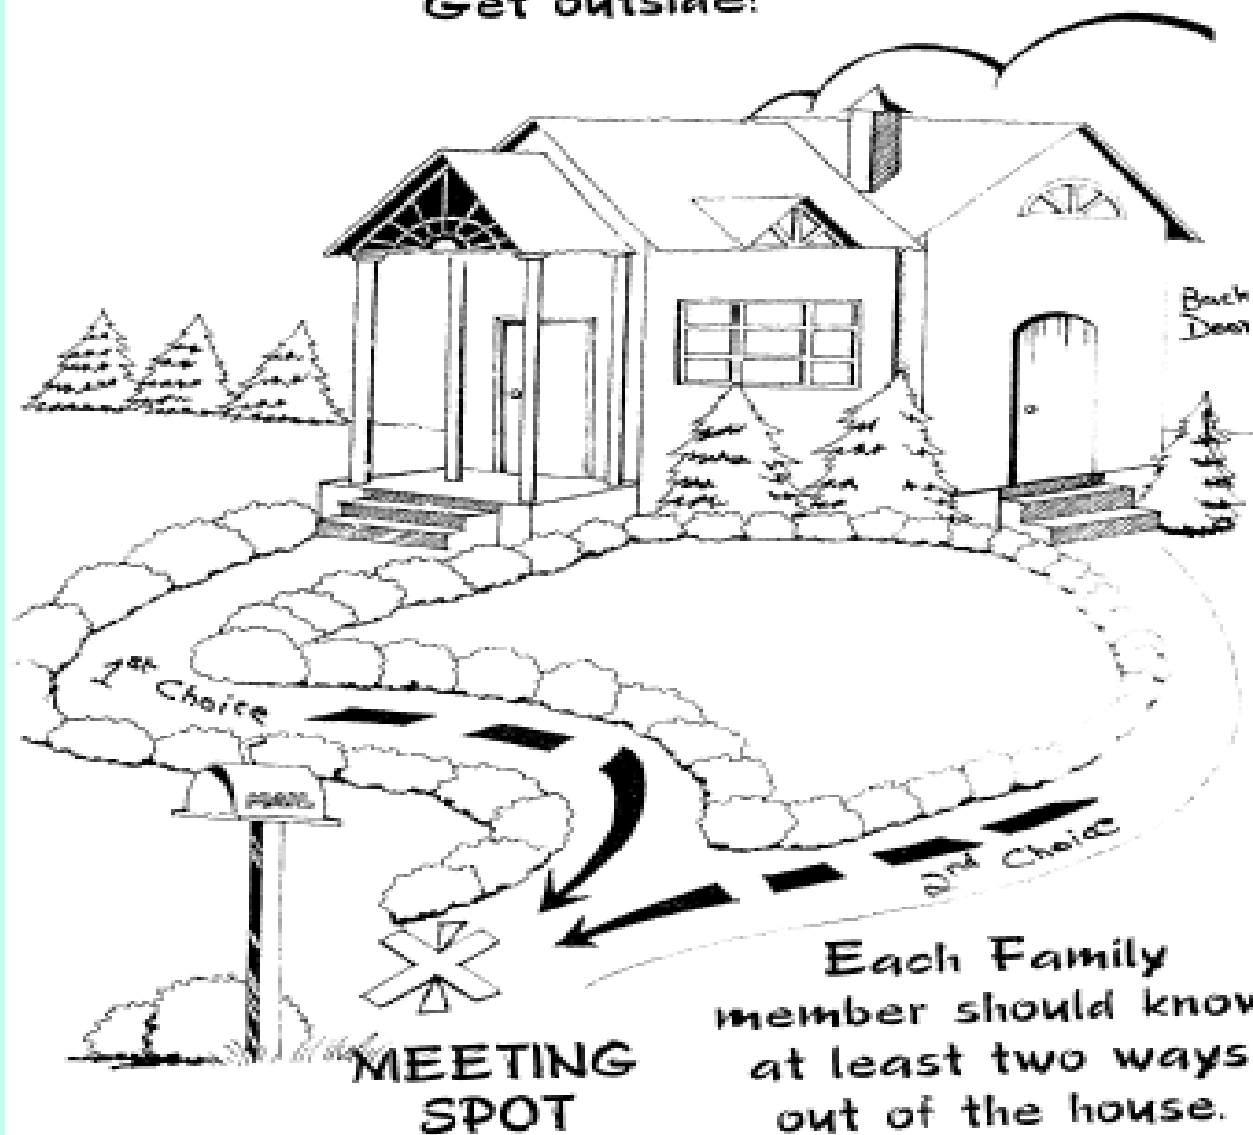

**Water
gun**

Crackers

Plan an Escape Route
from your Home. Don't Hide....
Get outside!

Teach what you know now
and practice today,
So when the earth starts to shake
you'll be in a safe place!

In case of a
fire you should know
what to do

Moms and dads,
Brothers and sisters,
Neighbours and friends,
all need to know
WHAT TO DO

Thank you
