Integrated Incident Management

Incident Management can be used by Buyers and Sellers to raise issues for any Pre-order placement and/or Post-order placement deviations

-Masking of details on IM has ensured faceless and completely transparent mechanism

-Deviation will cause Suspension or disabling of sellers:

Pre-order placement Incident management will deal with the deviations in the Product Catalogue, Seller Registration, Seller Authorization.

Post-order Placement Incident Management will deal with the contract deviations by the Seller.

Details of Incident Management can be accessed at https://assets-bg.gem.gov.in/resources/pdf/Incident_Management_Policy_V12.pdf

GeM- Incident Management

GeM is a trust-based system where self declaration is the key. With system automation at every step, a good buyer behavior will set and generate seller confidence on GeM for offering better prices and quality.

Incident Management Process

Incidents in Dashboard

The screenshot shows the GeM dashboard interface. At the top, there is a navigation bar with the GeM logo, user name 'Mansi Jawa', and menu items like 'Need Help?', 'Dashboard', 'Market', and 'Bids'. Below this is a search bar with 'Shop By Category' and 'All Categories' dropdowns, a search icon, and a 'Shopping Cart' icon. The main content area features a 'NOTIFICATIONS' section with a plus sign. Below that is a navigation menu with 'MY DASHBOARD', 'PRODUCT ORDERS', 'SERVICE ORDERS', 'ALL DEMANDS', 'BILLS', 'INCIDENTS' (highlighted with a red circle), and 'ALL CARTS'. The dashboard is divided into two main sections: 'ORGANISATION DETAILS' (purple header) and 'TRANSACTION DETAILS' (green header). The 'ORGANISATION DETAILS' section shows 'Number of People/Posts: 53' and 'Number of Divisions: 18'. The 'TRANSACTION DETAILS' section shows 'Total Number of Orders: 25' and 'Total Value of Orders (Rs.): ₹ 203925.90'.

Please read the Terms & Conditions carefully

General terms and conditions on GeM 3.0 (Version 1.14)

1. Introduction

This document is an electronic record published by GeM under the provisions of the Information Technology Act, 2000 and the rules made there under (as applicable) and shall act as valid agreement between Seller / Service Provider and Buyer. Further the use of GeM Portal for Sale / Purchase of Goods / Services and the resulting Contracts shall be governed by the following General Terms and Conditions (GTC) (unless otherwise superseded by Product / Service specific Special Terms and Conditions (STC), Product / Track / Domain Specific STC of Particular Service including its SLA (Service Level Agreement) and BID/Reverse Auction Specific Additional Terms and Conditions (ATC) as applicable).

Government e-Marketplace (GeM) is the National Public Procurement Portal; an end-to-end online Marketplace for Central and State Government Ministries / Departments, Central & State Public Sector Undertakings (CPSUs & SPSUs), Autonomous institutions and Local bodies, for procurement of common use goods & services. The portal is owned and managed by GeM SPV which is a Section 8 (Non-Profit) Company registered under the Companies Act, 2013. GeM SPV operates, monitors and supervises all the business transactions on the portal through the Managed Service Provider as per defined roles and responsibilities.

2. General Terms and Definitions:

- a. **"APPLICABLE LAWS"** shall mean any statute, law, ordinance, notification, rule, regulation, judgment, order, decree, bye-law, approval, directive, guideline, policy or other governmental restriction as may be in effect.
- b. **"GOODS"** shall mean an Article / product or an intangible product like software, technology transfer, licenses, patents or other intellectual properties being offered for sale on the GeM portal by Seller(s) on GeM. The term 'Goods' shall also include works and services which are incidental or consequential to the supply of such goods, such as, transportation, insurance, installation, commissioning, training and

Automate request to create GeM Buyer Id for secondary users ..

The screenshot shows the GeM Government e Marketplace dashboard. The top navigation bar includes 'Dashboard', 'Market', 'Bids', 'Purchase Requisitions', and 'Users' (highlighted with a blue box). The user profile is 'HOD Primary User'. Below the navigation bar is a search bar with 'Shop By Category' and 'All Categories' dropdowns. A 'NOTIFICATIONS' section is visible. The main content area features a row of orange buttons: '+ ADD SECONDARY USER', 'MANAGE POSTS', 'MANAGE DIVISIONS', 'CREATE GEM BUYER ID REQUEST' (highlighted with a blue box), and '< GO BACK'. Below this is a filter section with a search input and a 'Select division' dropdown set to 'All'.

- It is necessary for the HOD to have the profile updated with correct Organization name before submitting the request to create GeM Buyer ID for secondary users

1. Dear Seller,

In order to ensure that all your offerings on GeM are up to date in terms of offer price, inventory position, delivery locations, discounts etc., it is now mandatory for all sellers to update these details regularly. Any offerings not updated for 60 days will be automatically marked as 'expired' on the platform, and will not be available for procurement till the details are updated again. Any of your offerings that have not been updated for 45 days will be visible under a new tab on your dashboard "Offerings Expiring Soon" w.e.f. 25th June 2020. All expired offerings will be visible under a new tab on your dashboard "Expired Offerings". [Click here](#) to see a step-by-step guide for the functionality.

If any of your offerings are visible in the "Offerings Expiring Soon", you are advised in your own interest to update the required details on these offerings before 10th July 2020, post which any offerings not updated in the last 60 days will be marked expired. While updating your offerings please do ensure to check and review your delivery locations also, since as per revised IM policy, refusal / non acceptance of and failure in supply against Direct Purchase orders for offered locations would invite penalties and forfeiture of caution money.

If any of your expired offerings (i.e. offerings in the Expired Offerings tab) are not updated for a further period of 60 days, the offerings will be removed and you would need to re-upload or pair the offering to start selling again. All such offerings will be visible on your seller dashboard for informational purposes only. Kindly note that you will need to update your Expired offerings by 20th July 2020, post which any non-updated expired offerings will be removed.

Verify And Select Your Parameters ⓘ

PRODU

GeM recommends selection of Allowed Values for each of the Golden Parameters for defining your Bid. Please go through each Golden Parameter and select the Allowed Values.

- Your selected product's Golden Parameter value will also be added automatically as Allowed Value in addition to any other values chosen by you.
- You can also choose "Any Value" option for allowing any value as Allowed Value for the Bid. It is strongly recommended that this option is used carefully and only for a small subset of Golden Parameters to get specific offerings for your Bid.
- You can also review your final "Allowed Values" selections by scrolling down.

Note : Normal bidding time for bids in GeM is minimum 10 days. However, in order to enable expeditious procurement of emergency Healthcare related products due to Corona pandemic, it has been decided to allow shorter bid time of up to three days for such emergency procurements only. Buyer can select shorter bidding time for such emergency procurements with the approval of their competent authorities.

Buyers are advised to take a reasonable call on the requirement of earnest money deposit (EMD) since prospective bidders may find it difficult to get the EMD issued from the bankers in such short times.

GeM Availability Report & Past Transaction Summary (GeMAR&PTS)

“GeM Availability Report and Past Transaction Summary” (GeMARPTS) indicates availability status of products or/and services searched on GeM and past transaction history for the matching product categories.

The buyers may preview the categories to identify the categories that match their requirement.

The Past Transaction Summary will be provided, wherever available. GeMARPTS shall be a pre-requisite for arriving at a decision by the competent authority for procurement of required goods and services by floating a bid outside GeM and its unique ID would be required to be furnished on the publishing portal along with the tender proposed to be published.

1. There are categories available on GeM matching your requirements (as listed here). You can create a bid on GeM with a product closest matching your required specifications and add additional parameters in specifications through Corrigendum using RMS functionality.
2. If you feel that category TP needs updating you can submit category updating request also through RMS.
3. If you do not want to use any of the above option and want to proceed for procurement outside GeM, please suggest the specifications of the required product for creation of new category on GeM for future procurement.

Please certify by choosing one of the options below to proceed

It is certified that I have thoroughly checked all probable categories suggested by GeM and I am satisfied that the product required is not covered / does not fall in any of the suggested categories and can not be procured under any of these categories even after inclusion of List of Values(LOV) wherever possible in category specifications of suggested categories. It is also certified that the technical specification requirements are such that these can not be covered even by adding specification parameters using ATC in any of the GeM suggested categories.

- Before generating GeMARPTS, I want to upload the specifications of the required product which may be taken up by GeM for new category creation.
- This is a one time requirement hence new category creation is not proposed / or requirement is recurring but request for new category creation will be submitted separately post generation of GeMARPTS.

Following details will be available in the GeMARPTS report:

- Report ID
- Report Generation Date
- Past Transaction Summary
- Report Validity from generation date: 30 days
- Buyer Name and Organization Name
- Product/Service Details Search by the Buyer
- Category Names suggested by GeM against the searched products/services
- Product Count for the category

To Know....

- Each GeM availability report (GeMARPTS) will have a unique ID and will be valid for 30 days from report generation date
- Buyer will be able to float only one tender on CPPP using one GeMARPTS ID and will be required to furnish a unique and distinct GeMARPTS ID before floating tenders on CPPP
- A new GeMARPTS may be generated for cases where CPPP tender is cancelled or if buyer does not procure all items part of the report in a single CPPP tender.
- The GeMARPTS ID will be validated on CPPP, stored against the floated tender and shared with GeM through reverse feed along with Tender Details and Documents.
- A notification would be visible at Buyer's dashboard to inform that he/she can check the available products/services/categories under the Tab "GeM Availability Report"

Custom Catalogue Based Bid -Buyer

WHY NEED CUSTOM CATALOG BASED BID

Many times, the Buyers have requirements to define bids for categories which are not part of the GeM Category set.

Creating a GeM Category Definition may take time due to the due diligence and process involved for defining the GeM Category.

Therefore, this new functionality has been introduced for buyers for creating custom catalog-based bid for items not available on GEM.

Buyers can define Custom Catalogue based Bid based on their needs even when product and service category does not exist on GeM.

The sellers would participate in the Bid based on the requirements defined by the Buyer

Buyers to *provide Title, reference price, selling unit, specifications, drawing documents, reference images, related categories etc for unavailable items post creation of GAR*

It allows buyers to bunch 2 or more custom catalogue

It allows Sellers to participate and confirm compliance to the Buyer custom catalogue requirement.

The sellers will be required to create a custom offering for the same and offer the same in the Bid..

The custom catalogue requirements will be part of the order and the contract.

The Functionality will be primarily useful for all buyers for the Procurement of:

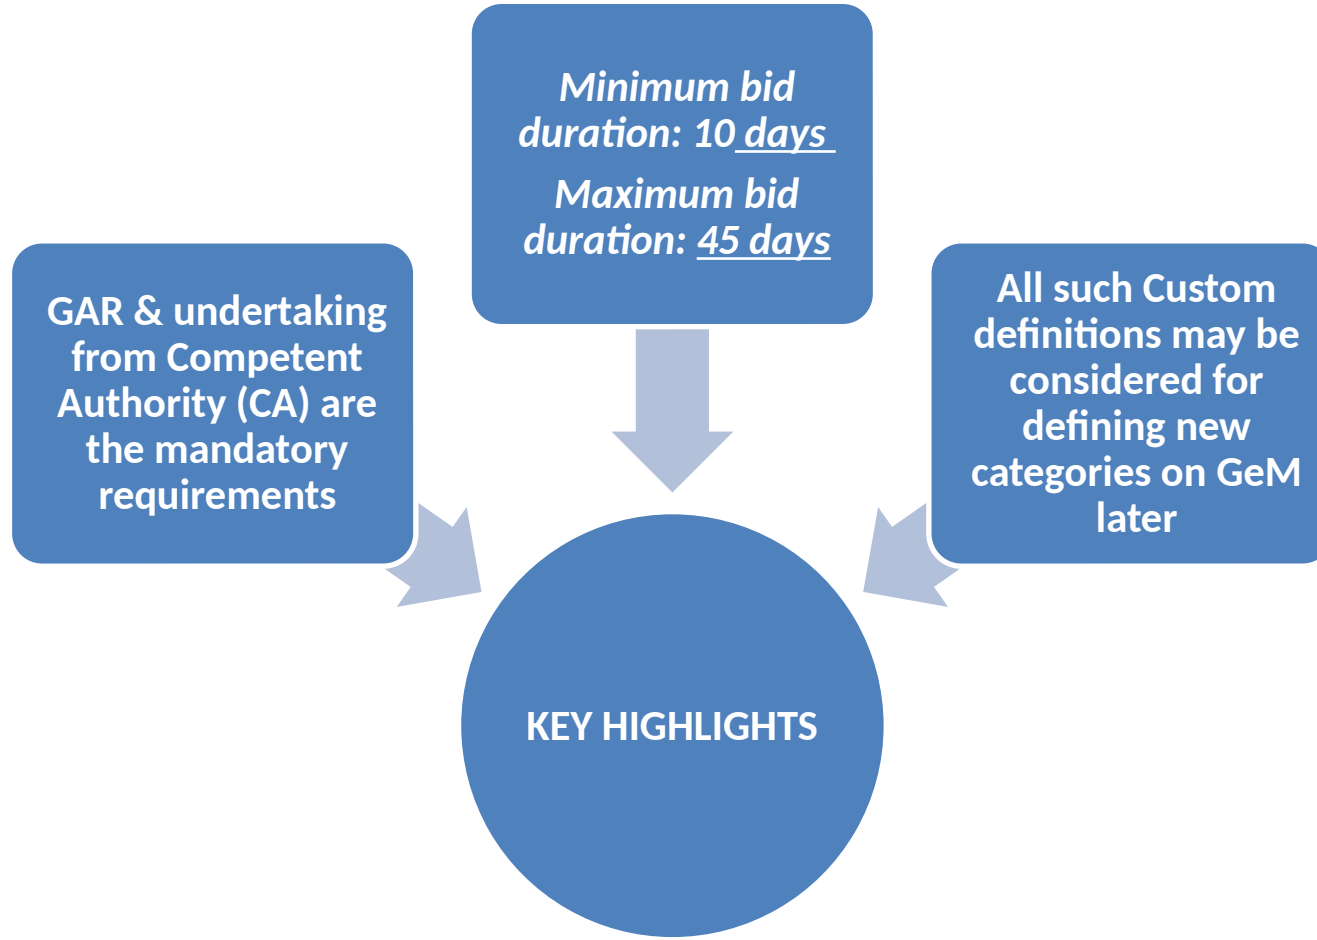

Specialized products that are currently not available on GeM

Technical/engineered products that would require detailed specifications, drawings etc.

Feature of uploading custom specifications & drawing documents has been provided

Additional/side products that the buyer wants to procure but are not available on GeM

Any one-time service/bunch of services such as site survey, one-time audit service, one-time training etc

Dear Sir/Ma'am,

- Buyers are hereby notified that as per OM No. [F.6/18/2019-PPD](#) dated 23rd January 2020, the functionality for generating "GeM Availability Report & Past Transaction Summary" is now available at GeM. With effect from 1st July 2020, it is mandatory for buyer to generate this report for procurement outside GeM. To know more on how to generate the GeMARPTS report, please [click here](#).
- *** As per the OM issued by the Department of Expenditure, Ministry of Finance (No.F.6/18/2019.PPD), it is notified that from 01/07/2020, no other payment mode except for GPA and PFMS would be available on GeM for placing new orders. Payments for all orders must be processed through either GPA or PFMS only.

GEM AVAILABILITY REPORT

A functionality to search for available products/services/ categories is accessible under tab “GeM Availability Report” at Buyer Dashboard

GeM Availability Report And Past Transaction Summary

GeM Availability Report and past transaction summary report is generated based on the product/service specification searched by the Buyer. The buyer can either create a manual report or bulk report in case of a large number of search strings. The specification may be modified appropriately for searching relevant categories on GeM. Buyer may navigate to GeM category page by clicking on the category link to view category specifications and products/services available in the category.

If the category is available in GeM but Buyer just needs to add a few more parameters to cover his requirement, Buyer can select matching product from market and then use the option of adding up to five more specifications parameters to the existing category / catalogue. This option would give Buyer the liberty to use normal bidding process and get better and structured / validated response from sellers already registered in a category.

In case, the required product/service category is not at all available on GeM & the estimated bid value is above INR 5 Lacs, the buyer can create a custom catalog with required specifications and drawings and float a bid. A bunch bid can also be created with one or more custom items so created by the Buyer and also with existing category products. The competent authority approval is also required for floating custom catalog bid.

After generating GeM Availability Report, Custom Catalogue can be created by clicking at  under Actions.

I am certified that I have apprised Competent Authority of the reasons for creating bid with custom catalog. After examining the GeM ARPTS the Competent Authority is satisfied that the procurement of the required item is not feasible from items / catalogues available in any of the existing categories in GeM even after addition of upto 5 parameters in the existing category specifications. I have obtained and uploaded the approval of competent authority for creating Custom Item bid.

Note:

- 1) The buyer should carefully specify the maximum percentage for MSE and MII purchase preference. Buyer may specify the values as per the policy applicable to them and may specify 100% in case they want to provide 100% purchase preference to MSE/MI for non-splittable quantities.
- 2) Buyer will be required to validate all sellers claiming to be eligible for MSE and MII purchase preference during technical evaluation and confirm the eligibility based on self declared status by catalogue owner and supporting documents uploaded by the sellers during participation.
- 3) Buyer will be required to invite qualified sellers to match the L1 price post financial Bid opening and would be able to award orders to any sellers accepting the price match as per the purchase preference policy applicable for the buyer. Buyer would be required to specify the quantity that they would wish to award to the seller as well during the price match request. All the remaining quantity for which price match request is not accepted may be awarded to the L1 sellers.
